Transitioning With STRENGTH
2014 was a transitional year for MWCIA. When you think transition, oftentimes images of chaos or crisis come to mind. For our Association in 2014, transition meant continuing our years-long effort to improve and evolve how we operate on behalf of our members.

Early in the year, we revisited our mission statement to make sure it still resonates with how we provide services. We updated and refined the statement;

_The mission of the Minnesota Workers' Compensation Insurers Association is to collect, process, and analyze workers' compensation data so that we can provide high quality, consistent information to our insurer members and regulators._

_We will develop and deliver useful services and products to the workers' compensation community._

As you can see we are refocusing on accurate collection and analysis of data, which has always been our main goal, while also working to provide additional value and analysis for our members moving forward.

Throughout the years, we have highlighted and focused extensively on technological investments on our own and with other Data Service Organizations to improve our effectiveness and ease of access for our members and other users. On the expense side, we continue to see benefits through stabilized costs, a flatter organization and lower infrastructure costs. Our members are also able to report information in a more accurate and timely manner, leading to a significant reduction in penalties and fines assessed to the industry. With newer releases in some key applications we are making statistical and financial reporting easier and more seamless.
On the ratemaking side, we have seen the benefits of stability in the Minnesota system due to our long-term system understanding and ratemaking experience. For the 11th time in 12 years (including approved 2015 rates) we have seen advisory pure premiums drop. Most impressive is that the annual rate changes in each of those 12 years has not exceeded 4% in any one year. The Minnesota system is predictable and stable, which provides great opportunities for our members to file competitive and responsive rates. This in turn allows our business climate to benefit from stable rates, and our injured workers to be provided benefits from financially stable companies.

During 2014, we implemented a number of changes and enhancements in our operations and processes to tighten up our responsiveness and to provide more assurances that we are operating in a similar environment as our members who pay assessments. Our budget and staffing numbers have been flat or decreasing for 3 years and we are able to process more policies, USRs and Assigned Risk applications at a more highly cross-trained and efficiently staffed level.

Another evolutionary area has been Board Governance. Our Board has been instrumental this year in working with me and our legal counsel to revisit governance principles in order to become a more effective organization. We have revisited and proposed changes to our committee structure, roles and responsibilities. We have gained insight and input from a couple new Board members and have seen transition in our Board Chair and Executive Committee as well.

2014 was a good year. I am looking forward to working with our great staff and the Board to make our Association even more vibrant and responsive while continuing to provide our core responsibilities to the Minnesota workers’ compensation industry.

Sincerely,

Brandon Miller
President
STATE OF THE Market

RESPONSIVE
STATE OF THE Market

The Minnesota workers’ compensation market continues to be healthy and predictable. The underwriting cycle started to shift in 2011, increasing insured premium volume and dropping loss ratios. Pure premium levels continue their steady yet modest decline, and carrier LCMs continue to show stability. Case frequency is still decreasing, albeit at a slower rate, and carriers continue to release indemnity case reserves at a steady pace. Medical cost changes bear watching, with severity increases not atypical of countrywide averages, and case reserve levels showing consistent growth.

You must welcome change as the rule but not as your ruler.

Denis Waitley
PREMIUM CHANGES

Changes in statewide premium volume have been less severe than countrywide trends.
DIRECT EARNED PREMIUM

Following five years of decreases, premium has grown over 30% since 2010.
ASSIGNED RISK PREMIUM

Although almost doubling over 2011-2013, the assigned risk market share has been less than 6.5% of total insured premium since 2007.
LOSS RATIOS
Statewide incurred to earned loss ratios have improved faster than countrywide averages since 2010.
**MEDICAL BENEFIT PERCENT**

The medical benefit portion of the claim dollar continues to grow, now standing at 64%.

- **2003**
  - Indemnity 39%
  - Medical 61%

- **2013**
  - Indemnity 35%
  - Medical 64%
STANDARD TO DSR PREMIUM

While assigned risk loss cost multipliers have increased close to 15% over the last 10 years, voluntary market LCMs have remained fairly stable.
INDEMNITY & MEDICAL LOSS RATIOS
First report indemnity loss ratios have decreased over 30% since 2003, while medical loss ratios have stagnated.
LOST-TIME FREQUENCY
Although slowing, indemnity case frequency has decreased over 23% since 2004.
INJURY BODY PARTS

A 22% drop in lower back injuries is the most significant driver of the frequency decreases.
**LOST-TIME SEVERITY**

Although increasing in recent years, indemnity severities still remain well below national averages.
**LOST-TIME MEDICAL SEVERITY**

Lost-time medical severity averages and changes have been typical of their countrywide counterparts.

![Diagram showing lost-time medical severity averages from 2004 to 2013 for Minnesota and countrywide. The years 2004 to 2013 are listed on the x-axis, with corresponding severity values in $ Thousands on the y-axis. The values range from 0 to 35, with 2004 starting at approximately $19.0 to $21.0 for Minnesota and countrywide. The values increase steadily over the years, with 2013 showing $28.7 to $28.8 for both Minnesota and countrywide.]
CASE RESERVE CHANGES
Consistent indemnity case reserve reductions continue, averaging -3% per year since 2006. Medical case reserves continue to increase, but at somewhat slower increments in recent years.
OPERATION SERVICES, KATHLEEN PETERSON

2014 was a year of transition and opportunity for the Operational Services staff. We were able to take advantage of the technological investments, made over the past few years, in developing new software tools that created efficiencies for member carriers and MWCIA.

With less staff, we were able to maintain our standard of excellent customer care when responding to carrier and agent inquiries, processing data, maintaining Minnesota Workers’ Compensation manuals, providing external training, conducting on-going communications with industry stakeholders and providing an array of other miscellaneous services.

To meet the challenges in 2014, Operational Services refocused our energy on streamlining responsibilities by continuing to cross-train staff, revising and/or creating new internal user manuals, updating workflow procedures and taking a closer look at succession planning.

Examples of 2014 initiatives are as follows:

WORKFLOW AND PROCEDURE UPDATE PROJECT
Some of the workflow and procedures updated in 2014 concerned the following:

- Policy
- Proof of Coverage
- Carrier Membership
- Unit Statistical Report
- Experience Ratings
- Web Membership
- Filings
- Insolvent Insurers
- Financial Data

Employ every economy consistent with thoroughness, accuracy and reliability.

Arthur C. Nielsen
REVISED OR CREATED NEW INTERNAL MANUALS/USER GUIDES
> Accounting/HR Handbook (revised)
> MCPAP User Guide (new)
> Ownership User Guide (new)
> Web Membership User Guide (new)

MANAGE USR REWRITE
This web-based application enables our registered data providers to manage submissions and to facilitate full online management of their USR data. The Data Provider has the ability to create new USRs as well as do replacements, corrections, subsequent reports, and revisions to un-submitted data.

During 2014, Operations staff was actively involved, along with IT staff, in determining the business requirements for the Manage USR rewrite.

MWCIA QUARTERLY NEWSLETTER PROJECT TEAM
During 2014, MWCIA formed a project team to begin to review how to best communicate with our audience on an on-going basis. Items being considered include revising format, frequency, length and content.

ASSIGNED RISK PREMIUM AUDIT PILOT PROGRAM
During the first two quarters of 2014, MWCIA worked on a special project conducting premium audits for the Minnesota Assigned Risk Plan. Our results were summarized and provided to the Minnesota Assigned Risk Plan Administrator.

Examples of other services, tools and communications afforded by MWCIA to member carriers, agents and other industry stakeholders are as follows:

MWCIA CROSS INDEX
The MWCIA website includes a Cross Index for Minnesota Endorsement and the Workers’ Compensation Insurance Organization (WCIO) WCPOLS Record Type Codes. This cross index allows a carrier to easily determine whether an endorsement contains information required to be reported via WCIO WCPOLS and if so, where the Record Type Code specifications are located in the WCIO WCPOLS manual.
Perfection is not attainable, but if we chase perfection we can catch excellence. 

Vince Lombardi

EXPERIENCE MOD HISTORY AND EXPERIENCE MOD CALCULATOR
The Experience Mod History application allows you to search for employer experience.
The Experience Mod Calculator application allows interested parties to estimate Minnesota intrastate experience modifications. This program is not intended to cover all the rules and exceptions found in the Experience Rating Plan Manual and cannot create a final experience modification worksheet. It does, however, calculate experience modifications based on the payroll and actual loss information provided. This application also allows for the calculation of “what if” scenarios by giving the user the ability to adjust this information.

CLASSIFICATION SEARCH
This application allows the user to search for class code descriptions within the Minnesota Classification Index.

ON-LINE ASSIGNED RISK PLAN APPLICATION (OAR)
OAR is web-based software that allows Minnesota Assigned Risk applications to be submitted electronically. This automated on-line system benefits the marketplace by enhancing the efficiency and accuracy of processing Minnesota Workers’ Compensation Assigned Risk Plan applications.

MCPAP CREDIT FACTOR APPLICATION
The MCPAP Credit Factor Application is web-based, allowing a contractor or agent to complete an electronic application.

ASSIGNED RISK PLAN DEPOP DOWNLOAD, PREMIUM CALCULATOR AND SEARCH FUNCTIONS
These MWCIA Assigned Risk web-based applications are enhanced to include merit rating information, providing additional and useful information to member carriers and agents.
CARRIER DATA QUALITY REPORT
In 2014, MWCIA distributed carrier data quality reports for data received or due in 2013. The objective of this report is to provide carriers with useful feedback regarding the quality and timeliness of data they submitted to our organization during 2013.

MWCIA CIRCULAR LETTERS
The MWCIA Circular Letters provides a method for providing official notification to our members and customers regarding such things as filings that have been approved or orders given by the Department of Commerce. The goal is to provide timely information on important changes that may have a direct impact on member and customers businesses. Circular Letters are written by MWCIA staff and are posted on our website.

MWCIA BROCHURES
We continue to focus on publishing brochures to help educate and inform members and customers on specific topics. The brochures focus on explaining processes and answering questions that are frequently asked. Some of the brochures available on the MWCIA website include “Understanding Experience Rating”, “How to Complete Minnesota’s Workers’ Compensation Assigned Risk Plan Application” and “Minnesota Contractors Premium Adjustment Program.”

MWCIA EDUCATION AND INFORMATIONAL PRESENTATIONS
The Member and Customer Services staff continued to “reach out” to members, agents and the business community at large to provide educational and informational presentations. During 2014, staff provided external presentations to carriers, agents and business owners.

COMPSKASK
MWCIA’s website CompAsk feature continues to provide yet another source of valuable and timely Workers’ Compensation information. CompAsk’s content is a by-product of inquiries MWCIA receives from the insurance community (employers, agents, and carriers). As the content changes with time, “old” information is archived in the Learning Center to make room for the “new” content. This “archiving” feature allows us to “bring back” or recycle information that is more time sensitive or cyclic in nature.
ACTUARIAL SERVICES, CRAIG ANDERSON

RATEMAKING REPORT

The 2015 Ratemaking Report was released on August 5. We are pleased to get the Ratemaking Report to our members as early as possible, allowing our members ample time to review its findings and determine their own pricing for the coming 12-month cycle.

As displayed in the accompanying chart, the pure premium base rate level decreased 2.5 percent this year. By specific industry, this breaks down as follows:

- Manufacturing: +1.2%
- Contracting: -1.8%
- Office & Clerical: -5.2%
- Goods & Services: -3.4%
- Miscellaneous: -3.7%

I can’t change the direction of the wind, but I can adjust my sails to always reach my destination.

Jimmy Dean
The pure premium base rate level continues to demonstrate strong stability. In the last ten years, the level has experienced nine decreases and one increase. On average, 2015 base rates are 15.8 percent lower than their 2005 counterparts.
ACTUARIAL

MWCIAs Actuarial and Information Technology departments continue to work hand-in-hand to develop and refine valuable resources for the industry. From internal research and production software such as TRACER and XRAY, to external tools like ARROW and ACCEDE™, actuarial staff continue to pursue more efficient methods to collect and analyze carrier data.

ARROW

ARROW (Analytic Report Resource on the Web) is a web-based product developed to query against statewide and carrier-specific experience rating and statistical plan data. Three report formats are currently available: Summarized Class Experience, Custom Historical Triangle, and Average Experience Modification.

During 2014 staff added two features to enhance ARROW: (1) new part/nature/cause of injury filters to the Custom Historical Triangle report (2) queries to summarize experience rating data via the Average Experience Modification report.

Summarized Class Experience queries provide access to class experience at various report levels. Custom Historical Triangle queries provide access to detailed data by injury type, claims status, and now, part/nature/cause of injuries. Both queries are available through the latest 10 policy years. Average Experience Modification queries provide access to experience modification data for the three most recent completed experience rating years. Output from all three report formats can be grouped by class/industry group, premium range and geographical region within the state of Minnesota.

ACCEDE™

MWCIAs financial data reporting tool, ACCEDE™ (Automated Carrier Call Entry and Data Edit) continues to provide members with a flexible tool to summarize, edit and submit aggregate data.

ACCEDE™ Online is a web-based product that allows users to directly input their Excel data and upload the completed file, significantly simplifying the overall reporting process.

ACCEDE™ Online includes an online Acknowledgment Form, a Loss Cost Multiplier screen, and a Self-Audit Form to assist with accurate carrier data submissions. ACCEDE™ also allows carriers to efficiently download and edit their data, as well as view up to five report year submissions. The online features and internal processes are robust and up to date with current technologies.
**TRACER**
The internal TRACER (Tool for Ratemaking, Analysis of Class Experience & Research), engine continues
to provide staff with growing flexibility for all class ratemaking processes.

TRACER is used to produce class rate relativities, and affords staff comprehensive tools for thorough class
ratemaking research and sensitivity testing. TRACER produces pure premium rates based on the likely/
not-likely loss development methodology, consistent with the procedure implemented in the NCCI states.

**XRAY**
XRAY (Experience Rating Analysis Yardstick) was designed to evaluate the effectiveness of the Minnesota
Workers’ Compensation Experience Rating Plan. XRAY continues to be used to test the Plan’s parameters,
forecast distributions of outcomes and perform sensitivity testing.

**MEDICAL DATA CALL**
One of MWCIA's core activities is the analysis and pricing of proposed state legislation. Over 60 percent of
Minnesota workers’ compensation benefits are attributable to medical costs – so the need is paramount for
a strong resource to assist MWCIA in reviewing and evaluating medical benefit change alternatives.

In November 2007, the NCCI announced the launch of their new Medical Data Call. MWCIA followed suit
in 2010 and contracted with the NCCI to capture this data and provide detail and summaries for review
and research.

Beginning with the medical transactions submitted to the NCCI starting in the third quarter of 2010,
semi-annual extracts are being sent to MWCIA. Data sets include transactional information on claims with
transaction dates after July 1, 2010.

Eventually, these extracts will build up to five full years of medical services. And by archiving the oldest
six months of services from each prior five year extract, we plan to compile up to ten full years of medical
service data for the purposes of producing development triangles and affecting other analyses.
INFORMATION TECHNOLOGY, SUE LEVEY

MWCIA strives to provide quality software solutions to help our customers meet their workers’ compensation data reporting needs. Here are some of the initiatives we pursued in 2014:

WEB EXPERIENCE MOD HISTORY
In January, we rolled out a new and improved system for carriers and agents to look up employer history, review experience mod history, and download experience ratesheets. Of particular note, carriers can now download multiple experience ratesheets in bulk in PDF, WCRATING text format, and WCRATING XML format.

WEBSITE
In February, we upgraded our website to Microsoft .Net 4.0. This makes the site HTML-5 compliant and therefore more compatible with browsers such as Safari, Chrome, Firefox, and the latest versions of Internet Explorer.

CDX
In June, ACCCT (American Cooperative Council on Compensation Technology) rolled out a new version of CDX (Compensation Data Exchange) which carriers and TPAs can use to manage their data submissions to MWCIA and other participating data collection organizations. Improvements to the CDX site include a new look and feel, top-down navigation, and better management features. MWCIA is proud to participate actively in ACCCT and CDX. For more information, please see the Collaboration section.

ARROW
In October, we expanded ARROW (Analytic Report Resource on the Web) to include a new average experience mod report type and additional custom historical triangle parameters. The database backend was also rewritten. For more information, please see the Actuarial section.
**MANAGE USR**

During 2014, we gathered requirements for a new and improved unit statistical reporting system for our members. As part of this process, we solicited input directly from members via surveys and email. Like our Manage Policy System, this system will incorporate near-real-time processing. We look forward to developing and testing the new Manage USR in 2015.

**INTRANET**

MWCIA staff uses a Microsoft Sharepoint intranet system to share internal information related to projects, committees, departments, and other company matters. In October, we upgraded the intranet to Sharepoint 2013. As part of this process, we reviewed all content, eliminated or archived obsolete material, and redesigned the site. We hope that the new intranet will help staff to collaborate and share even more effectively.

**ONLINE ASSIGNED RISK (OAR)**

Developed in 2007 for the Minnesota Workers’ Compensation Assigned Risk Plan (MWCARP), OAR allows agents and employers to complete Assigned Risk applications and make electronic payments online. In 2014, 88 percent of approved applications were submitted electronically:

<table>

<tr>
<td>ASSIGNED</td>
<td>8380</td>
<td>1127</td>
</tr>
<tr>
<td>RETURNED</td>
<td>4655</td>
<td>160</td>
</tr>
</tbody>
</table>

**WEB MEMBERSHIP AND WEB PRODUCTS**

MWCIA continues to introduce new products and enhancements to our Web Membership system. This system allows MWCIA customers to manage their own accounts and permissions for MWCIA web products. For example, in January, 2014, the new Web Experience Mod History product was integrated. In 2015, we look forward to pursuing additional improvements to help our customers manage their data more effectively.
Collaborations
Collaborations

MWCIA fills many roles to meet many needs. We are able to achieve this, not only through our own products and services, but because we have joined forces with a number of other associations and organizations in our industry. It is through this spirit of collaboration that we have realized some of our greatest breakthroughs and have played a role in the advancement of our industry overall.

**ACCCT**
The American Cooperative Council on Compensation Technology (ACCCT) is comprised of the state workers’ compensation Data Collection Organizations in California, Massachusetts, Michigan, Minnesota, New York, North Carolina, Pennsylvania/Delaware, Wisconsin, New Jersey and the Insurance Service Office (ISO). ACCCT’s web-based products include:

- **BEEP™** (Bureau Entry and Edit Package) allows reporting organizations to import, enter, edit, and submit unit statistical information to participating Data Collection Organizations.

- **PEEP™** (Policy Entry and Edit Package) allows reporting organizations to import, enter, edit, and submit policy information to participating Data Collection Organizations.

- **EXR** (Experience Rating) allows reporting organizations to download or receive experience and merit rating data from participating Data Collection Organizations.

---

Unity is strength... when there is teamwork and collaboration, wonderful things can be achieved.

*Mattie Stepanek*
**CDX (COMPENSATION DATA EXCHANGE)**

Developed in 2003, this data super highway facilitates the secure, electronic transmission of data between member insurers and Data Collection Organizations. Reporting organizations can transmit policy and unit statistical data to MWCIA. Members can also receive experience and merit rating data from MWCIA.

**SPECTRUM™ PARTNERS, LLC**

Spectrum Partners, LLC maintains a robust, internal data collection system that serves as the foundation for many of our products and services. The Spectrum suite of products continues to grow and evolve. Enhancements and ongoing maintenance allow us to continue to serve our customers effectively.

The on-going success of Spectrum can be attributed to a strong partnership of the following state associations:

- Minnesota
- Massachusetts
- New York
- North Carolina
- Wisconsin
- New Jersey
ADDITIONAL RELATIONSHIPS

MWCIA is an active participant in national organizations such as:

**WCIO** The Workers’ Compensation Insurers’ Organization was chartered in 1995 to develop uniformity of standards with respect to forms, electronic transmissions, filings and other tools and systems necessary to the industry; **IAIABC** The International Association of Industrial Accident Boards and Commissions; and **IDMA** The Insurance Data Management Association.

*Our extended relationships and audiences include:*

The Minnesota Department of Commerce;

The Minnesota Department of Labor and Industry; and

The Minnesota Workers’ Compensation Reinsurance Association (WCRA), founded in 1979 to provide low-cost reinsurance for Minnesota insurers and self-insurers. MWCIA Actuary, Craig Anderson, has served on the WCRA’s actuarial committee since its inception.

Whenever we are able to provide assistance, technical or otherwise, to any organization in the workers’ compensation arena, we strive to assist that organization to better serve its audiences.

Through this cooperation and overlap among our fellow state associations, government and regulatory bodies, our members, and our internal departments we have been able to expand and enhance our own capabilities as well as those of our members.
DOCUMENTING Results

ACCURATE
DOCUMENTING Results

FINANCIALS & STATISTICS

POLICY REVIEW/POLICY ENTRY

An important activity of the Association is the capture of policy coverage information and the management of the Insurance Coverage Verification System (ICVS). The ICVS function provides the Minnesota Department of Labor and Industry with computer-generated online information on workers’ compensation insurance coverage and eliminates the carrier’s obligation to file notifications of coverage and cancellation with the Department.

UNIT STATISTICAL PLAN

Unit Statistical Plan data is collected, processed, and tabulated for use in developing the classification data with the Association’s annual Ratemaking Report. During 2014, a total of 162,136 reports were collected.
FINES
The Association has a fining procedure for delinquent unit statistical reports. This procedure generated $75,512 in 2014.

INSOLVENT FUND ACCOUNT
The Association continues to make regular payments to claimants of Security Casualty Company of Chicago. No assessments were levied to members for this ongoing liability in 2014.

MERIT RATING
Minnesosta statutes require that all Assigned Risks not eligible for experience rating must be subject to a Merit Rating Plan developed by the Department of Commerce. A total of 21,009 files were published for Merit Rating in 2014. The 2014 Merit Ratings were distributed as indicated on the chart below.

Our 2014 Annual Meeting was called to order at 9:30 a.m. Tuesday, April 22, 2014, at the MWCIA offices, 7701 France Avenue South, Suite 450, Edina, Minnesota. The following members were elected to fill the traditional four-year terms of those Directors whose terms that had expired:

<table>
<thead>
<tr>
<th>Director</th>
<th>Representing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mr. Brian Bent</td>
<td>SFM Mutual Insurance Company</td>
</tr>
<tr>
<td>Mr. Keith Krueger</td>
<td>American Compensation Insurance Company</td>
</tr>
</tbody>
</table>

During 2014, we held four Board Meetings at which we focused our discussions on the 2015 Ratemaking Report, web-based delivery of MWCIA products and services, industry-wide collaborative efforts, MWCIA manuals, and communications. We also spent considerable time on reviewing and adopting strong governance practices.

Hold yourself responsible for a higher standard than anybody expects of you.

Never excuse yourself.

Henry Ward Beecher
As of December 31, 2014, the members of our Board were as follows. Please click on the respective name of any Director to see his or her resume and credentials.

**Director:** Representing:

- Mr. Keith Krueger | American Compensation Insurance Company
- Mr. Michael Levy | AIG
- Mr. Paul Larson | Federated Insurance Companies
- Open | Liberty Mutual Insurance Companies
- Mr. Gary Thaden* | MN Mechanical Contractors Association
- Mr. Barry Preslaski | Owners Insurance Company
- Mr. Brian Bent | SFM Mutual Insurance Company
- Mr. Kevin Christy | Western National Mutual Insurance Company
- Mr. Kevin Gregerson* | Wilson-McShane Corporation
- Mr. Andrew Doonan | Zurich American Insurance Company
- Mr. Wes Mattsfield | RAM Mutual Insurance Company
- Ms. Jessica Mayer | Travelers

*Public member appointed by the Minnesota Department of Commerce
BIOGRAPHY OF BRIAN R. BENT
VICE PRESIDENT AND DIRECTOR OF UNDERWRITING
SFM MUTUAL INSURANCE COMPANY

A native of Lewistown, MT, Brian Bent received his Masters of Science degree from Central Missouri State University, Warrensburg, MO in 1989.

From 1995 to 1999, he worked as a branch manager for EBI Companies, Minneapolis, MN, before joining the Montana State Fund as its director of underwriting.

In 2003, he joined the Associated Financial Group as vice president of Property & Casualty Operations and in 2006 was named assistant vice president and director of underwriting at SFM Mutual Insurance Company.

He is a current officer and board member of the CPCU (Charter Property Casualty Underwriter) Chapter. Brian has served the Boy Scouts of America since 2004 in a number of leadership positions. He holds the insurance industry designations of CPCU and ARM (Associate in Risk Management).

He enjoys waterskiing, camping and snowmobiling. He and his wife, Dana, make their home in Eden Prairie, MN with their four children.
BIOGRAPHY OF KEVIN J. CHRISTY

VICE PRESIDENT, CHIEF ACTUARY
WESTERN NATIONAL MUTUAL INSURANCE COMPANY

A native of Evanston, IL, Kevin Christy holds a 1995 degree in Actuarial Science from the University of Wisconsin, Madison. He began his career in the insurance industry as an Actuarial Analyst with Capitol Indemnity Company in 1995. In 1999 he joined Western National as an actuary. Kevin worked his way up through the ranks, becoming vice president and chief actuary in 2008.

Over the years, Mr. Christy has served his industry as a board member of the MJUA (Minnesota Joint Underwriters Association), 2005 – 2013; as a member of the ISO (Insurance Services Office) Personal Lines Actuarial Panel, 2007 – 2012, as a member of the ISO Actuarial Panel 2012 – Present and as a member of various Casualty Actuarial Society Committees.

He is a Fellow of the Casualty Actuarial Society (FCAS) a member of the American Academy of Actuaries (MAAA), and a Chartered Property & Casualty Underwriter (CPCU).

An avid golfer and reader, Kevin enjoys traveling and remains active as devoted supporter of his alma mater’s football, hockey and basketball teams.

He makes his home in Eden Prairie, MN with his wife, Kerrie.
BIOGRAPHY OF ANDREW J. DOONAN

SENIOR ACCOUNT EXECUTIVE,
ZURICH INSURANCE GROUP

A native of the Twin Cities, Andrew J. Doonan graduated with a Bachelors of Science degree from Drake University in Des Moines, Iowa where he earned a double major in Insurance and Marketing.

Andrew started his underwriting career in 1996 with The Hartford as a commercial lines underwriter. He also spent seven years with Chubb Insurance and has been in Zurich’s construction department for the last seven years as a casualty underwriter.

Andrew enjoys his Minnesota summers by golfing and fishing in the Land of 10,000 Lakes. He currently resides in Edina, MN.
BIOGRAPHY OF KEVIN S. GREGERSON

DIRECTOR, NEGOTIATED WORKERS’ COMPENSATION PROGRAMS
WILSON-MCSHANE CORPORATION

A native of Minnesota, Kevin S. Gregerson earned a Bachelor of Arts in Counseling Psychology from Metropolitan State University, St. Paul, MN (1981).

In 1989, he joined the Minnesota Department of Labor and Industry as a dispute resolution specialist in the Administrative Conferences Section, a position he held until his 1993 promotion to vocational rehabilitation policy analyst. In 1995, Kevin was named Director of the Department's Negotiated Workers’ Compensation programs.

Also, while at the Department, he served a four-year term as the executive membership secretary for a public employee union (MAPE- Minnesota Association of Professional Employees), where he was involved in grievance resolution, contract negotiations and membership services.

In 1997, Kevin joined Wilson-McShane Corporation – a plan administrator providing services to over 70 Taft-Hartley trust funds with offices in several states – to develop a negotiated workers’ compensation program for Minnesota’s construction industry.

Kevin is an avid road bicyclist, backpacker and Nordic ski racer. He makes his home in Edina, MN.
BIOGRAPHY OF KEITH D. KRUEGER
VICE PRESIDENT
RTW

A military dependent born in Guantanamo Bay, Cuba, Keith Krueger began his career with Sentry Insurance, a Mutual Company. He was named underwriting manager in 1985.

In 1995, he left Sentry to join American West Insurance Company as vice president of underwriting and marketing, then joined Citizens Security Mutual Insurance in 1997 as underwriting manager.

In 1998, he joined RTW as director of underwriting services, a position he held until 2002 when he was named vice president of insured products. Keith currently has the role of vice president of underwriting WC and Operations for RTW.

Mr. Krueger holds the CPCU designation and is a member of its Twin Cities Chapter.

An avid golfer, he makes his home in Cottage Grove, MN, with his wife, Cece, and their three children.
BIOGRAPHY OF PAUL D. LARSON

P&C PRODUCT ANALYST
FEDERATED INSURANCE

A native of Farmington, MN, Paul Larson holds a masters degree in Counseling and Student Personnel from Mankato State University (1993).

After holding a position in college student affairs, Paul began his career with Federated Insurance. For the past 17 years, he has served in various positions including Commercial Underwriter, Risk Analyst, and District Underwriting Manager as he rose to his current position of P&C Product Analyst.

In addition to his professional career, Paul has served as Deacon at Grace Baptist Church (1995-present), as an Awana Leader/Commander (1997-present) and as an adult Bible teacher (1994-present).

He makes his home in Owatonna, MN with his wife, Wendy, and their four children. Paul enjoys playing and coaching basketball, as well as watching his children participate in sports.
BIOGRAPHY OF MICHAEL D. LEVY

BRANCH MANAGER
AIG

A native of Philadelphia, PA, Michael Levy is a 1997 graduate of Marquette University, Milwaukee, WI (Criminology and Law Studies). Upon graduation, he joined Wausau Insurance Company, Wausau, WI, as a liability claim examiner.

In 1999, he joined the middle market practice of Marsh USA Inc., then later worked in Marsh's environmental practice.

In 2006, Mike joined AIG as a senior business development manager and over the years worked his way up to his current position as branch manager.

Mike is a sports enthusiast who especially enjoys running and playing basketball. He and his wife, Melissa, make their home in Edina, MN, with their children, 2 girls and a boy.
BIOGRAPHY OF WES MATTSFIELD

VICE PRESIDENT, COMMERCIAL LINES
RAM MUTUAL INSURANCE COMPANY

A native of Hutchinson, MN, Wes Mattsfield served as board member, vice president and president of the Woodland Mutual Insurance Company (1990-2008).

Concurrently, he served as a parent member of: Northern Lights Special Education Cooperative (1991-1995); Governor’s Interagency Coordinating Council on Early Childhood Intervention (also as co-chair and chair, 1995-2003); Minnesota Self-Assessment Process (1998-2000); and The Duluth Region Care Center Board of Directors (also as vice president and president 2007-2014).

Wes enjoys cooking, gardening, hunting and fishing.

He makes his home in Esko, MN with his son, Lucas.
BIOGRAPHY OF JESSICA MAYER

SECOND VICE PRESIDENT
WORKERS COMPENSATION UNDERWRITING & PRODUCT
TRAVELERS INSURANCE COMPANIES

Jessica Mayer began her underwriting career in 1976 and held positions of increasing responsibility from underwriter through branch manager, prior to moving into a home office role as Workers Compensation line of business head in 1997. She has been Workers Compensation line of business head at Atlantic Mutual, Crum and Forster and Hanover Insurance prior to joining Travelers in 2012 as second Vice President Workers Compensation Business Insurance. She currently serves on the Workers Compensation Boards in Wisconsin, Delaware and the North Carolina Guaranty Association. Prior to that she represented the PCA and AIA at the WCIO meetings for 10 years.
BIOGRAPHY OF BARRY M. PRESLASKI

REGIONAL VICE PRESIDENT
OWNERS INSURANCE COMPANY

A native of Green Bay, WI, Barry Preslaski earned his Bachelor of Science degree as well as his master’s degree in business administration from Drake University (1987, 1988) before joining American Family Insurance (West Des Moines, IA office) in 1989.

In 1991, Mr. Preslaski joined Auto Owners Insurance Company in Lansing, MI, as a personal lines underwriter. He remained with the company’s Lansing office through 1995, holding the positions of commercial lines underwriter and home office line underwriter before becoming marketing representative for the Lansing office.

In 1996, Mr. Preslaski returned to West Des Moines, IA, as marketing representative. By 1999, he was promoted to underwriting supervisor, becoming underwriting manager in 2000.

In 2001, he accepted a position as underwriting manager in the company’s White Bear Lake, MN, office and by 2002, was promoted to his current position of regional vice president.

He holds the industry designations of CPCU and CLU.

An avid sports enthusiast, Barry enjoys camping, boating and other outdoor activities. He makes his home in Hugo, MN, with his wife, Victoria, and their son, Kyle.
BIOGRAPHY OF GARY K. THADEN

GOVERNMENT AFFAIRS DIRECTOR,
PETTERSEN & ASSOCIATES, INC.

A native of Minnesota, Gary Thaden earned a bachelor of elected studies degree in the college of liberal arts at the University of Minnesota before attending William Mitchell College of Law (St. Paul) where he earned his J.D. degree (1984).

The government affairs director for Pettersen & Associates, he is a member of the Minnesota Unemployment Insurance Advisory Council and the Minnesota Workers’ Compensation Advisory Council. Mr. Thaden is a nationally recognized health care speaker and for 12 years served as the management co-chair of the Labor/Management Health Care Coalition of the Upper Midwest.

In addition, he serves on the board of directors for Friends of the Sherlock Holmes Collection (University of MN) and is president of Norwegian Explorers of Minnesota (a Sherlockian literary society). He is President of the Hennepin County Library Board and many other civic organizations.

An avid reader, Gary also enjoys collecting books, especially those involving Sherlock Holmes and Arthur Conan Doyle. He makes his home in Minneapolis.
OUR DEDICATED Staff
MWCIA MANAGEMENT TEAM

Sue Levey, Vice President, Information Technology
Brandon Miller, President
Kathleen Peterson, Senior Vice President, Operations, Treasurer and Secretary
Craig Anderson, Vice President, Actuarial Services
MWCIA MEMBER & CUSTOMER SERVICES

Staff: Jennifer Glywasky, Jeff Kvam (supervisor), Caroline Timmerman, Melodie LaChapelle, Sue Grover and Dani Main (not pictured).

MAIN FUNCTIONS

- Member & Customer Services is the primary link to the public, providing assistance to employers, agents, carriers, state regulators, legislative representatives and other interested parties. Staff answers questions related to such things as classifications, experience modification calculations and rules, basic manual rules, Assigned Risk rules, procedures and classifications, MCPAP application assistance, audit procedures, ownership, etc.
