RE: New MWCIA Website

The Minnesota Workers' Compensation Insurers Association, Inc. (MWCIA) is pleased to announce the release of our new website on Monday, September 22, 2008.

Since we launched the current website, we have received numerous comments about the many things members and customers have liked. Please don't worry, we listened closely and have retained most, if not all, of those attributes.

On top of that, the new design incorporates many new features developed in cooperation with industry representatives and is intended to facilitate the trend toward increased content and better tools.

Notable changes to the MWCIA website include:

- Improvements to navigation while maintaining the theme of direct access to primary functionality.
- Industry information and support functions are accomplished dynamically in the new site with an improved issues section called "CompAsk" featuring very current topics and a searchable issues library called the "Learning Center."
- Applications from the current site have been updated to match the new MWCIA website style, but will be unchanged in functionality.
- As needed, current content has been reorganized to improve ease-of-use.

If you have any questions regarding this matter, please contact Marc Coleman at 952-897-6438 or by email at marc.coleman@mwcia.org
