RE: Revised ***Minnesota Medical Data Call Reporting Manual***

The Minnesota Department of Commerce has approved the captioned item effective March 1, 2014. The purpose of this item is to revise the ***Minnesota Medical Data Call Reporting Manual*** to remain consistent with changes the NCCI made to their ***Medical Data Call Reporting Guidebook***.

In October, 2013, the NCCI revised their ***Medical Data Call Reporting Guidebook*** to remove references to the ICD version 9 from the data element names. In addition, NCCI added references to forms, worksheets, and instructions in the Appendix for methods of determining gross premium for business exclusion, added Jurisdiction State Code 59--Federal Act, added two new Place of Service codes, changed information for timing of replacement submissions and updated examples accordingly, and added information for reporting leading zeroes and references to the new Paid Procedure Code Reporting section.

The revised ***Medical Data Call Reporting Manual*** can be found on our website at www.mwcia.org under the Forms/Manuals/Publications link.

If you have any questions regarding this matter, please direct them to MWCIA's Actuarial Services staff at 952.897.1737 (Option 3) or via email at actuarial@mwcia.org.
