Circular Letter No. 18-1743

RE: Minnesota Workers' Compensation Indemnity Data Call

MWCIA's Board of Directors has authorized our participation in a workers' compensation indemnity data collection program. Data obtained from Association members will be used for legislative analysis and internal research. Final implementation of this program is subject to approval by the Minnesota Commerce Department.

MWCIA will be contracting with the National Council on Compensation Insurance (NCCI) to collect Minnesota specific data in conjunction with a program they are implementing nationwide. NCCI has indicated to MWCIA that most member companies who would be impacted have already been notified of the new procedures.

While details of the program will be available on the MWCIA website after regulatory approval, initial information on the data being collected, the criteria for reporting, and the processes for the indemnity data call can be found on NCCI's website.

The initial reporting will be for indemnity transactions occurring in the 2nd quarter of 2020, which will be due to NCCI by the end of the 3rd quarter of 2020.

For additional information, please contact MWCIA's Actuarial Services Department at 952.897.1737 (Option 3) or via email at actuarial@mwcia.org.
