**RE: State of the Market Report and Presentation**

Minnesota Workers' Compensation Insurers Association, Inc. (MWCIA) has released the [2022 State of the Market Report](#). The report offers insights on the health and performance of Minnesota's workers' compensation insurance market.

The annual State of the Market Report breaks down Minnesota's workers' compensation industry into components such as loss ratios, premium growth, claim frequencies, and cost distributions, among a variety of market indicators. The highlights and trends for the market components are illustrated in detailed captions and graphs throughout the State of the Market Report. The recording of Andrea Everling, Vice President of Actuarial Services, presenting these metrics during MWCIA's recent Annual Luncheon is also available.

The 2022 State of the Market [Report](#) and [Presentation](#) are found at [www.mwcia.org](http://www.mwcia.org) under the Carriers menu.
